The Senior Boys Campus continues to develop and thrive as we have seen with the opening of the new gym complex in October 2019, which is a welcome addition to outstanding facilities offered by the school.

The gym was developed thanks to an incredibly generous donation from one of our school's families, which we are very grateful for. Now that we have this fantastic facility, we need to ensure that it is maintained to the highest of standards so that the students who will follow in years to come, will have the same opportunity as our current students.

As we look to the future and consider the needs of this facility's maintenance requirements we are asking your assistance by asking for donations from the community to pay it forward for future students.

You have the opportunity to purchase a plaque for the cost of \$200, which will include your name and alumni year to line the Hall of Fame in the foyer of the gym.

For further information please contact
